

The implementation at **OMB Saleri Spa - SB** of the **Energy Management System** according to the ISO 50001:2018 standard is the **natural continuation of the project to reduce the environmental impact** of activities, which has always been the subject of company policy.

With this document the Management of **OMB Saleri Spa - SB** therefore intends, first of all, to formalize its energy policy and at the same time reiterate **the assumption of the following commitments**:

- Ensure that the Energy Policy is **appropriate** to the nature and scale of energy use and consumption.
- Ensure that activities are carried out with a view to **continuously improving energy performance** and energy consumption.
- **Comply with applicable legal requirements** and other voluntary requirements regarding use, consumption and energy efficiency
- Define and periodically review energy **objectives and targets**
- **Make available** the adequate **information** and resources necessary to achieve the objectives and goals.
- Support the **purchase of energy efficient** products and services that can impact energy performance.
- Support **design activities** that consider improving energy performance;
- **Periodically review and update** the corporate commitments contained in this Policy.

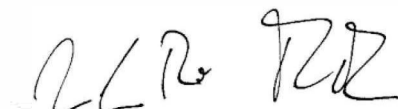

The Management also **undertakes to document and make this document available** to the public and at all company levels, as well as encouraging all members of the organization to **know and implement** this Policy, in order to open a dialogue between the company, the employees, customers, suppliers, institutional entities and the public which **leads to greater sensitivity** towards the issues of **efficiency, rational use of energy**, reduction of energy costs, **reduction of greenhouse gas emissions** and other related environmental impacts.

The Management also guarantees that this Policy is **available** to the public and at all company levels by exploiting all the **communication tools** in its possession, such as for example company noticeboards, intranet and the website www.omb-saleri.it/it/home-it/.
